### 'Starting the shift together'

#### Welcome

##### Welcome to the third edition of The Management Shift Newsletter!

Following The Management Shift (TMS) book launch in November 2014, 25 months later - TMS ideas were presented at over 40 keynote talks and workshops, seven awards were obtained, over 40 articles and interviews related to TMS appeared in press, thousands of people worldwide started to spread TMS ripples and over 20 000 people joined the TMS community on social media.

I am delighted with the impact of TMS ideas on the real world of business, and with the Newsletter we aim to keep TMS community informed about the latest news and developments. Thank you all for being part of this global shift to more humanised and purposeful ways of working that we aim to facilitate!

#### Season's Greetings

#### Reflecting on 2016

What a year that was for Vlatka and The Management Shift!

Four new awards obtained this year, numerous new articles and interviews, keynotes given at the European Commission, Home Office, Economist's events, several Financial Times' events, Chatham House etc.

We developed a new TMS toolkit for TMS workshops and leadership development programmes including TMS board games, cards, masks, workbooks etc - a lot of fun and deep learning guaranteed to executives attending our events!

This year, Vlatka has also progressed her work on the new book: *Leaders50: Winning Strategies for Humanizing organizations and Improving Workplace Performance*. More details to follow in 2017!

'One cannot help but wonder what the world would be like if a majority of organizations were genuinely authentic, trustworthy, transparent, purposeful and caring'
